REVIEWS SIGNAL CORPS FRIDAY

General Sale Assigns Adjutants of

Annual inspections of the various militia commands of the State are now under way. Colonel Jo Lane Stern, assistant inspector-general, has arranged the itinerary, which began on Tuesday night, and will continue until October 6.

SPECIAL SERVICES

Second Baptist Church Opens Renovated Audience Room To-Morrow.
Special services will be held to-morrow morning in the newly renovated audience room of the Second Baptist Church, Adams and Franklin streets.

For the first time in several weeks the main audience room will be opened to the public. It has been undergoing extensive repairs, and has been greatly beautified.

This church has recently made long strides in its Sunday school work. The residence of H. C. Backer, vll, adjoining the church property, was recently bought for \$20,000, and is now being used for Sunday school work. The church has a membership of 250, and the Sunday school, with an average attendance of 600, has outgrown its quarters, which necessitated the purchase of the adjoining building.

PLAN BIG EXTENSION

Anticipating Annexation, Administrative Board Calls For Estimates.
The Administrative Board of the Water Works, which was directed by the Administrative Board yesterday to make a complete lay-out for water supply in that part of the territory to be annexed to the city of Richmond, is now in the process of extending the service from the terminus of the present main in Woodland Heights, or by any other route which will furnish sufficient water for this section. Mr. Davis was instructed also to submit an estimate of the cost of this extension.

HONORS REQUISITION

Governor Issues Requisition Papers for Man Wanted in Ohio.
Governor Stuart yesterday honored the requisition of the State of Ohio, and directed the issuance of requisition papers in the case of William Arnold, now in jail in Roanoke. Arnold is wanted in Montgomery County, Ohio, on the charge of failure to contribute to the support of his family. He was arrested in Roanoke last night for the purpose of being taken to Ohio with him to-day.

Will Reopen Holy Trinity Church.
Holy Trinity Episcopal Church, which has been in the hands of decorators since nearly a year, will be reopened to-morrow with services at 11 o'clock, conducted by the rector, Rev. J. J. Gravatt, D. D.

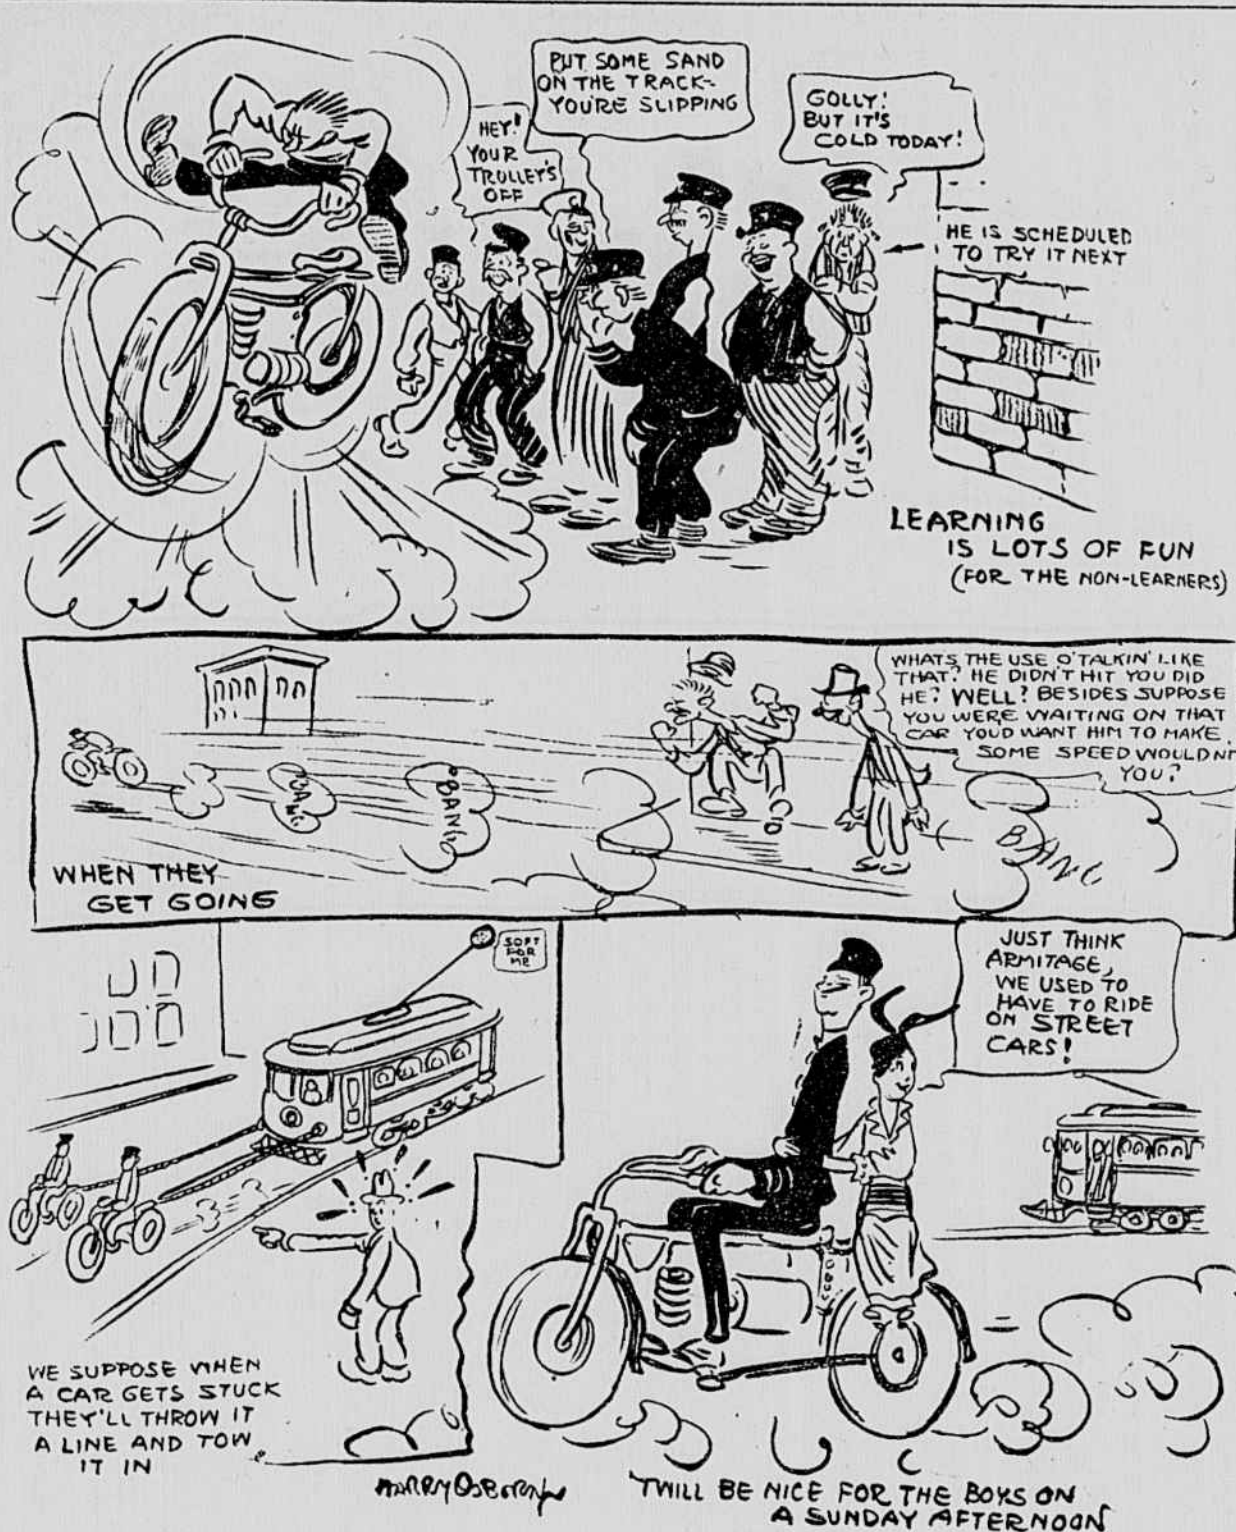

Former Pastor to Preach.
Rev. Ryland Knight, D. D., for eight years pastor of Calvary Baptist church, who recently resigned that position to accept a pastorate in Clarksville, Tenn., will arrive in Richmond Sunday morning. He will preach at both services at Calvary Church.

CASES DISMISSED

Justice Crutchfield Again Confronted with Alleged Segregation Violations.
Police Justice Crutchfield was again confronted with alleged violations of the segregation ordinance yesterday morning, when J. W. Newman, J. Newman, E. M. Mitchell and E. A. Goode, negroes living on the west side of Fifth Street, between Baptist and Jackson streets, appeared before him. It was shown that the cases were similar to the Lewis case of a few days ago, and they were dismissed.

Colored people may continue to move into houses on Fifth Street, pending amendment to the segregation ordinance, making an abutting street the same as an intersecting street, it is said.

THE MOTORCYCLE STREET CAR INSPECTORS

The Street Railway Company will soon have a corps of inspectors mounted on the fleetest of motorcycles.

JUDGE WELLS UPHOLDS
SEGREGATION ORDINANCE

Law Regulating Residence of Races to
Be Tested Before Supreme
Court.

At a special session of the Hustings Court yesterday, Judge Wells, of the Hustings Court, Part II, entered an order upholding the fines of \$100 each imposed by Justice Crutchfield, of the Police Court, upon Amedeo Toni and Mary Hopkins, for violations of the segregation law.

The two cases, embracing a violation by a colored person and another violation by a white person, were argued at length before Judge Wells, and had been pending for almost two years. A half dozen other cases involving infractions of the same law were on the docket awaiting the disposition of the two, which were looked upon as test cases. It was agreed by attorneys for the defendants and for the city that the decision in the two cases named should be accepted for the remaining

In deciding against Amedeo Toni and Mary Hopkins, Judge Wells upholds the validity of the Richmond segregation law, which has been attacked on constitutional grounds. It is understood that all cases will be appealed to the State Supreme Court of Appeals for final judgment.

LEAVE FOR DALLAS

Richmond to Be Represented at American Institute of Banking Convention.
Delegates from the American Institute of Banking, left yesterday afternoon for Dallas, Texas, to attend the annual convention of the association, which is made up of the bank employees below the grade of cashier throughout the country. The association met in Richmond last year and heard addresses at the Jefferson Hotel from Secretary of State William Jennings Bryan and United States Senator Burton, of Ohio. Delegates from Richmond to the Dallas convention are George H. Keese and George F. Barnard, of the Merchants National; John M. Miller, III, and Warren M. Goddard, of the First National; and Jesse E. Wood, manager of the savings department of the Richmond Bank and Trust Company.

EXAMINE GRADE CROSSING

Judge William F. Shea Leaves for
Graham, Va.
Judge William F. Shea, of the State Corporation Commission, left last night for Graham, Va., where he will to-day meet the general manager of the Norfolk and Western Railway Company and the authorities of the town of Graham with reference to securing an underground crossing on the Clinch Valley division of the Norfolk and Western, just above Graham.

The authorities and citizens of Graham and the surrounding country have represented that the present crossing is a very dangerous one. The traffic over this crossing is very heavy, and the menace to life and property therefore is constant. It is alleged, it will be shown also that between four and five hundred school children pass over the crossing at least twice a day.

SPEEDER GOES TO JAIL

Chauffeur Fined and Put Under Bond
for Fast Driving.
Henry Johnson, colored, was fined \$100 and placed under \$100 security for ninety days in Police Court yesterday morning on a charge of automobile speeding. He went to jail in default.

Johnson said that he was employed as chauffeur by E. H. Shackelford, of 705 West Grace Street. Patrolman Kersey said that the negro exceeded the speed limit considerably. Johnson testified that he was not going faster than ten miles an hour, a rate which was considered too rapid by Justice Crutchfield.

San Hawkins, colored, charged with carrying a concealed pistol, was fined \$100 and placed under \$100 security for twelve months. He went to jail in default.

Walter Loving, charged with assaulting Mrs. Anne Cline, was fined \$25.

The hearing of Mattie Cousins, colored, charged with attacking Mozelle Fisher with a razor, was continued to October 2.

WRIT OF ERROR AWARDED
IN SUIT FOR DAMAGES

Virginia Railway and Power Company
Wins Point on Appeal to Supreme
Court.

The Virginia Railway and Power Company has obtained from the Supreme Court of Appeals a writ of error and supercedas as a result of the appeal of the railway corporation from the verdict of the jury in Hustings Court, Part II, of Richmond, rendered in favor of Mrs. Emma Meyer, March 18, awarding her \$2,000 damages on account of bodily injuries she received on August 1, 1912, when an automobile in which she was riding with Samuel Meyer, her husband, and Miss Meyer, her daughter, collided with a westbound trolley car of the Laurel Street line at Fourth and Broad streets.

The automobile was hurled against an iron pole in the street. She was thrown into the street and received cuts and bruises.

Samuel Meyer also entered suit against the railway company and obtained a verdict, and on appeal, the railway company obtained a writ of error in that case, which is still pending in the appellate court.

The errors assigned by the railway company in its petition to the Supreme Court are the character of one of the instructions for the plaintiff given to the jury, the refusal of the court to set aside the verdict and grant a new trial on the ground that the damages awarded were excessive and the refusal of the court to set aside the verdict on the ground that it was contrary to the law and evidence in the case.

NEGRO THIEF PUNISHED
FOR ATTACK ON SWEET

Johnson Convicted of Stealing Hams
and Violently Resisting Officer.

Burley Johnson, colored, was heavily punished by Police Justice Crutchfield yesterday morning for stealing two hams valued at \$5 from Kligan & Co., Ltd., and for violently resisting arrest by Policeman Sweet on August 22. In the struggle with the officer the negro was shot through the hand, and had just come from the City Hospital when he appeared in Police Court for trial.

Sweet found Johnson at Fourteenth and Main streets, his forehead on the wall, and he was under arrest. On their way to a patrol box the negro pushed Sweet through the window of a basement opening on the street, and, losing his own balance, fell on top of the officer. A violent struggle ensued, and Johnson managed to wrest Sweet's blackjack from him. Just as he was about to smash the officer in the head the latter drew his revolver and fired, the bullet passing through Johnson's hand. He was then subdued.

Johnson was fined \$5 and placed under \$100 security for ninety days for stealing the hams, and for resisting Sweet he was fined \$50 and placed under \$200 security for six months. He went to jail in default.

SENT TO REFORMATORY

Colored Boy Who Accidentally Killed
Man Tried Before Magistrate.
Edward Cash, a fourteen-year-old negro boy, charged with the accidental killing of James Johnson, also colored, was given a hearing yesterday morning before Magistrate H. S. Sunday, of Henrico County, and ordered to the reformatory for negroes in Hanover County.

Johnson said that he was employed as an old and long unused revolver on the night of September 11 and in playful mood he pointed the gun at Johnson and pulled the trigger to see if the cartridge would explode. It did, and a bullet went crashing through Johnson's chest, penetrating the brain. The shooting occurred in a stable on the Brook Road, where Johnson was employed.

As the fire broke from the old weapon Johnson fell lifeless at the feet of his companion. Cash was arrested and carried to the County Jail to await trial.

Pickpocket Gets \$42.
Preston Martin, of Cartersville, Va., who was arrested yesterday, has his pockets picked while he was waiting for a train at the Main Street Station, and that he was minus \$42.

LEE CAMP WILL ATTEND
STATE ENCAMPMENT

Whole Membership May Go to Newport
News on Day of Big Parade
in October.

Plans are being made by R. E. Lee Camp, No. 1, United Confederate Veterans, to attend the annual reunion of the State camps, which will be held in Newport News, October 21, 22 and 23. The topic was brought up for discussion last night at a regular meeting of the camp, and will be further considered at the next session.

It is planned to send twelve delegates to the reunion, and it is probable that the whole camp will attend on the day of the big parade. If the present idea is carried out, the camp will leave on a special train in the morning and will return that night.

The meeting last night was a routine one, and reports of a number of standing committees were read. The whole camp is working on a plan for a general reunion which will be held here in May of next year. No business of public importance was taken up.

Two Otto Millers.
The Otto Miller, mentioned yesterday as having been arrested on a charge of stealing a gold watch, was not William Otto Miller, of 1123 Hull Street.

AUTUMN FASHION SHOW
AROUSES KEEN RIVALRY

Retail Merchants Each Striving to
Produce Most Striking Effect in
Next Week's Opening.

VIEW DISPLAYS ON TUESDAY

Shop Windows Will Blaze Forth That
Night, and Beginning of Fall Season
Starts Wednesday Morning.
All Stocks Complete.

Seventy concerns, all members of the Retail Merchants' Association, are busily preparing for a simultaneous fall opening next week. A vigorous, but honest rivalry has sprung up, and Richmond people will be shown all that is novel, artistic and best in the season's creations and productions during the Autumn Fashion Show.

Surprise is a leading element in such a show, and the elaborate plans formulated by merchants are being jealously guarded until the crucial moment, when the lights will be flashed on and the doors thrown open to the buying public. It will be a gala occasion, and local shoppers will witness a visual feast seldom offered anywhere.

WINDOW DISPLAYS ON

The dates for the big opening were set for Wednesday, Thursday and Friday, but the artistic window displays will be on view Tuesday night. Monday is a big Jewish holiday, while Tuesday is election day, therefore the merchants will have one of the best opportunities imaginable to get their wares ready for the inspection of thousands of autumn shoppers.

Contrary to general belief, local stores will have their customary showings of Parisian goods in spite of the European war, shipments of these goods were received in New York before the outbreak of hostilities, and those concerns that failed to get their importations were able to get substitute stocks on time, and all will be attractively arranged on Wednesday morning. In addition to these novelties, the good American-made article will be there for those who wish to see and purchase.

Nearly all retail merchants report the largest and most complete stocks in their history. Furnituremen, druggists, florists, grocery concerns, music houses and every branch of business represented on Broad Street, are all ready for the big season, and are racking their brains for original and striking ideas for presenting their goods for the inspection of local buyers and out-of-town shoppers.

Did Not Bring Back Change.
Mrs. Harlow, of 7 North Third Street, complained to the police yesterday that a man she had employed to take down her awnings owed her 50 cents in change, and she feared that he intended not giving it to her. She informed the police that she hired the man for 50 cents and gave him \$1, expecting him to bring back the change. He has not yet, she says, returned.

DR. LEION FAILS TO GET
COMMISSION IN RED CROSS

Administration Opposes Recruiting
Rank of Society From Naturalized
Citizens of United States.

The written recommendations of United States Senators Thomas S. Martin and Claude A. Swanson failed to secure for Dr. L. H. Leion, of Richmond, a commission as a Red Cross surgeon in the battlefields of Europe, when he formally tendered his services to Miss Clara Barton in Washington last Thursday.

Dr. Leion returned home yesterday greatly disappointed. He said he had no difficulty in securing the recommendation of the two Virginia Senators, but that the society had been advised by the War Department that the administration is opposed to the recruitment of the ranks of the Red Cross Society from the naturalized citizens of the United States for service in this war. He was told that the object of this restriction is to obviate friction between American and European authorities; that a naturalized citizen of the United States appearing in the European war zone at this time in any capacity or on any mission must necessarily become an object of suspicion. For this reason, the War Department has requested the Red Cross Society to recruit its ranks exclusively from American-born surgeons, physicians and nurses. He was further informed that no less than 1,000 applicants for commissions to serve as surgeons and nurses under the banner of the Red Cross Society have been rejected in the last three months.

PLANS ORDERED FOR
PUBLIC COMFORT STATION

Will Be Constructed Under Sidewalk on
Seventh Street, Near Broad.

The Administrative Board yesterday adopted a resolution embodying recommendations of the board of health and specifications for a public comfort station to be constructed under the sidewalk on the east side of Seventh Street, south of Broad Street. It is to have entrances from the street and from the basement of the building occupied by Meyer's drugstore.

In the opinion of one member of the board the construction of such a station will provide a convenience which is imperatively needed. The resolution adopted by the board stipulates that the fittings and furnishings of the station shall be of the best grade and of the most approved type. Separate compartments are to be provided for men and women.

Many European and American cities have constructed conveniences of this character and their vogue is spreading. The city of Washington, notably, has an admirable system which serves the downtown portions of its main thoroughfares.
